

Updated as of January 2012

RCA meetings may be open or closed. If posting a closed meeting, please list the contact info and date and time of the meeting and a way to contact the group contact couple to find out any restrictions other than couples only. We encourage that meetings be open to all persons from traditional relationships, non--traditional relationships and all addictions. In the wealth of experiences from a wide variety of relationships and addictions we find insight, strength, and hope. We also find that all of us in committed relationships that have any addiction have many dysfunctional characteristics in common.
