I feel strongly that WSO needs to move on this. Editing and revision can go on forever, if allowed. I'm sure that each couple could have some small change to any version of the book. But, also, each couple could be accepting of the process and 'take what we like and leave the rest' of whatever version gets approved. We need to be confident that Higher Power is in charge of this process and MOVE FORWARD. Our group in San Diego is showing fragmentation, because there are at least 3 (maybe as many as 5) different versions of the 'RCA Book' at our meetings. It is ridiculous! WSO needs to TAKE ACTION!!! Approve something! Please! Don't let this process continue to drag out for 2 more years. Our fellowship needs unity!
